## NETWORK SPECIALIST AT TIM

### OVERVIEW

As a Network Specialist and Automation expert, I have the skills and experience to design and implement complex network solutions using industry best practices. I am well-versed in Huawei and Cisco technologies, and have experience in routing, switching, and network security. I also utilize automation tools such as Python, Ansible and Terraform to streamline processes and improve efficiency. I am a quick learner and a problem solver, able to think creatively to find solutions for difficult network challenges. My strong communication and teamwork skills make it easy for me to collaborate with clients and stakeholders. I am confident that my knowledge and experience will bring value to any organization
